WHAT YOU WILL EXPERIENCE

An interactive exploration of strategies that build math competency from primary through middle school

- Utilizing Concrete-Representational-Abstract and multisensory instructional approaches to teach concepts
- Incorporating rich, higher-level math vocabulary throughout a math program
- The role of fact fluency at all grade levels with programs and activities to build and reinforce in the classroom and at home

WHO SHOULD ATTEND

The following groups will benefit from this session:

- Classroom teachers, math coaches and interventionists, tutors
- Parents and family members wishing to support math at home

PRESENTERS

- Keri Knisley, OGCE/OGA, Middle School Math Teacher
- Rebecca Shaw, OGCE/OGA, Primary/Lower School Math & Math Lab Teacher

About Camperdown Academy

Founded in 1986, the non-profit school serves children in grades 1-8 who struggle with dyslexia. A schoolwide 3:1 student to teacher ratio allows a multisensory approach to instruction to be individualized based on the learning profile of each child. The school also provides ongoing education and training for professionals and parents.
