Coursework provides a variety of lectures, article readings, and hands-on exercises that advance understanding of the principles and procedures for teaching reading, spelling, and writing in the OG Approach.

Participants will learn how to:

- Understand the brain basis of reading and the nature and needs of a dyslexic learner
- Teach the essential components of reading instruction
- Explains why the principles of the OG Approach are effective and the appropriate choice for the dyslexic learner
- Administer and use informal assessments to plan instruction and to develop a student profile
- Create lesson plans with clear goals that match a sequence for teaching systematic phonics and basic morphology
- Design and deliver OG instruction under the guidance of a master teacher
